A pre-bid meeting will be conducted to clarify queries of the applicants (if any) as per the clauses of section 8.2 (Clarification of RFP Pre-bid).

RFP Evaluation and Selection shall be a 3-stage process given as under:

Stages	Stages	Outcome
1	Technical Evaluation	Shortlisting of 5 agencies

2	Pitch Presentation	Presentation by 5 agencies
3	Financial Evaluation	Commercial evaluation of top 3 highest scoring agencies and selection of the final one (should be password protected)

6.1 Technical Evaluation

All proposals received will be scrutinized to assess their eligibility based on the eligibility criteria as mentioned in Section-5 of this RFP. Proposals which do not meet the eligibility criteria will be rejected, forthwith, or at any stage of detection. If deemed necessary, SHARE INDIA may seek clarifications on any aspect from the bidder(s). However, that would not entitle the bidder(s) to change or cause any change in the substances of the bid already submitted. SHARE INDIA shall evaluate and shortlist the proposals on the basis of their responsiveness to the Terms of Reference and technical evaluation criteria. Five shortlisted agencies will be invited for a pitch presentation. The date for presentation will be intimated to the shortlisted agencies by email. SHARE INDIA shall provide a brief for the presentation.

6.2 Pitch Presentation

The 5 shortlisted agencies will participate in the Pitch Process. These agencies will be required to make a presentation on the overview of the repository (concept, approach, technicality, flexibility and accessibility of the repository).

6.3 Financial Evaluation

Three agencies out of five will be evaluated, and based on their combined scores of performances in the technical evaluation, pitch presentation and the financial bids, the agency will be finalized by the procurement committee. The commercial negotiation process will be conducted with the finalized agency (if required) and a formal

communication regarding the provisional selection will be made with closing the RFP and the procurement process.

6.4 Evaluation Criteria

The quality of the proposal will be evaluated on the following criteria:

Technical Evaluation:

Stages	Buckets	Criteria	Score	Total
Technical Evaluation	Content Repositories developed by the agency	1-3	10	30
		4-6	20	
		>7	30	
Pitch Presentation	Proposed services, approach and company's capacity	Program Understanding and Approach	15	50
		Methodology and work plan	15	
		Innovative Ideation	20	

Capacity	Proposed personnel to carry out the services and social responsibilities	List and relevant CV specifying years of relevant experience (maximum 3 pages) of the proposed team that will be dedicated to the project/contract. Academic background is mandatory	20	20
Total				100

Financial Evaluation:

The incumbent agency has to provide financial bid in the following break ups:

- A. Server Cost (**1 TB included**)
- B. Domain Cost
- C. Admin & Manpower Cost
- D. Training Cost
- E. Maintenance (till 2024)
- F. Audit Fee
- G. Final Financial Bid (A + B + C + D + E + F + Any other Cost + GST)

The final score would be decided via following formulae:

$$\text{Final Score} = (\text{Total Marks out of 100 from Technical Evaluation}) \times (\text{Lowest Financial Bid} / \text{Financial Bid of the bidder under consideration})$$

As a sample scenario, let us assume that there are three bidders X, Y and Z. Let us assume the following scores/quotes obtained by the bidders in Technical and Financial Evaluation:

Bidder	Score Obtained in Technical Evaluation (Out of 100)	Commercial Quote of the Bidder
Bidder X	70	Rs. 9000000/-
Bidder Y	64	Rs. 10000000/-
Bidder Z	90	Rs.15000000/-

In this case, Bidder X has the lowest commercial quote, hence the Normalized Commercial Score of each bidder is calculated as under:

- Final Score of Bidder X: $(9000000/9000000) \times 70 = 70$
- Final Score of Bidder Y: $(9000000/10000000) \times 64 = 57.6$
- Final Score of Bidder Z: $(9000000/15000000) \times 90 = 54$

The total aggregate score would be calculated as below:

Bidder	Final Score	Final Rank of the Bidder
Bidder X	70	1 st
Bidder Y	57.6	2 nd
Bidder Z	54	3 rd

As per the total score, Bidder A gets the highest aggregate score.
